

## MSU Women in Engineering Summer Camps

### Lady Spartans: Women in Engineering (WIE)

**What:** This camp is designed to introduce various disciplines of engineering and engage prospective women engineering students to role models for their future professional careers. University and lab tours will complement this group-based project camp. Engineers are people who use communication skills, creativity and problem solving skills to dream up, design, improve and build things that matter.

**Who:** 9th-12th graders in Fall 2018

**Where:** Michigan State University, residential

**When:** June 17-21, 2018; all day

**Cost:** \$825

**Spartan Girls in Engineering:** A program designed to expose girls to engineering. Campers participate in hands-on activities, learn from engineering faculty and professionals, as well as participate in engaging projects.

**Who:** 6th-8th graders in Fall 2018

**Where:** Michigan State University, commuter

**When:** July 16-20, 2018; 8:00 AM-Noon

**Cost:** \$295

**REGISTER AT:** [www.egr.msu.edu/wie/k-12/programs-outreach](http://www.egr.msu.edu/wie/k-12/programs-outreach)

**Call 517-432-1273 or email [wie-outreach@egr.msu.edu](mailto:wie-outreach@egr.msu.edu) with any questions.**
