Final Project: Overview

- What The Last Three Weeks Look Like:
  - ~~Week 7: Brainstorm, Plan and Design. Submit our Final Project Outlines at the end of the meeting~~
  - Week 8: Code, Code, Code!
  - Week 9: Present our Final Projects
- Project requirements:
  - Must have so many shapes/colours, but this is a chance for you to have creative freedom
  - Make sure you can finish it in time! You can also work on it at home or during Bonus Hours. If you finish early you are welcome to make a second project
- Ask questions!
  - Don't be afraid to code outside the box! If there is something you don't know how to do, let us know and we will help you add it
- Save your work!
  - It's a great habit to constantly click that 'Save' button. Because we aren't submitting it each time, CodeHS will not automatically save your work

Final Project: Ready, Set, Code!

Use this time to wrap up your final project and add those finishing touches!
